POSITION ANNOUNCEMENT # 00002463
REQUISITION # 506199

Title: Lecturer

Location: Microbiology and Cell Science
University of Florida
Institute of Food and Agricultural Sciences (IFAS)
Gainesville, Florida

Salary: Commensurate with Qualifications and Experience

Review Date: For full consideration, candidates should apply and submit additional materials by March 12, 2018. The position will open until a viable applicant pool is determined.

Duties and Responsibilities
This is a 12-month non-tenure-accruing position that will be 100% teaching (College of Agricultural and Life Sciences) available in the Microbiology and Cell Science Department, Institute of Food and Agricultural Sciences, at the University of Florida. This assignment may change in accordance with the needs of the unit. Primary duties will include:

- To teach sections of MCB 3020, Basic Biology of Microorganisms, in the Fall, Spring, and Summer B semesters in a fully online format
- To teach face-to-face lab sections of MCB 3020L
- Teach other lecture and lab courses as needed
- Participate in related teaching/education activities and STEM education research as needed in support of the department’s efforts

In addition, the successful candidate will engage in scholarly activities related to instruction, including teaching undergraduate and/or graduate courses, advising and mentoring undergraduate and graduate students, participating in curriculum revision and enhancement, seeking funding for the teaching program, supervising undergraduate and graduate research and creative work, publishing teaching-related scholarship, producing learning tools, and engaging in professional development activities related to teaching and advising. Faculty are encouraged to support and participate in the CALS Honors Program, distance education, and international education.

The Foundation for The Gator Nation
An Equal Opportunity Institution
Qualifications
Required:
A doctorate (foreign equivalent acceptable) in Microbiology or a closely related life science discipline is required. The ideal candidate must have experience in teaching undergraduate level Microbiology or a closely related subject. Candidates should have demonstrated skills in verbal and written communication and interpersonal relationships. Candidates must be supportive of the mission of the Land-Grant system. Candidates must also have a commitment to IFAS core values of excellence, diversity, global involvement, and accountability.

Preferred:
Postdoctoral experience is desirable. Experience with online teaching and familiarity with distance education delivery tools/strategies is preferred. Ideal candidate will have experience with evidence-based teaching approaches, discipline-based education research, and/or other activities in the scholarship of teaching and learning.

Background Information:
The University of Florida (http://www.ufl.edu) is a Land-Grant, Sea-Grant, and Space-Grant institution, encompassing virtually all academic and professional disciplines, with an enrollment of more than 53,000 students. UF is a member of The Association of American Universities. The Institute of Food and Agricultural Sciences (http://ifas.ufl.edu) includes the College of Agricultural and Life Sciences (http://cals.ufl.edu), the Florida Agricultural Experiment Station (http://research.ifas.ufl.edu), the Florida Cooperative Extension Service (http://extension.ifas.ufl.edu), the College of Veterinary Medicine (http://www.vetmed.ufl.edu), the Florida Sea Grant program (http://www.flseagrant.org/), and encompasses 16 on-campus academic departments and schools, 12 Research and Educational Centers (REC) located throughout the state, 6 Research sites/demonstration units administered by RECs or academic departments, and Florida Cooperative Extension Service offices in all 67 counties (counties operate and maintain). The School of Natural Resources and Environment is an interdisciplinary unit housed in IFAS and managed by several colleges on campus. IFAS employs over 2500 people, which includes approximately 900 faculty and 1200 support personnel located in Gainesville and throughout the state. IFAS, one of the nation’s largest agricultural and natural resources research and education organizations, is administered by a Senior Vice President and four deans: the Dean of the College of Agricultural and Life Sciences, the Dean for Extension and Director of the Florida Cooperative Extension Service, the Dean for Research and Director of the Florida Agricultural Experiment Station, and the Dean for the College of Veterinary Medicine. UF/IFAS also engages in cooperative work with Florida A&M University in Tallahassee.

Employment Conditions
This position is available March 19, 2018 and will be filled as soon thereafter as an acceptable applicant is available. Compensation is commensurate with the education, experience, and qualifications of the selected applicant.

Nominations
Nominations are welcome. Nominations need to include the complete name and address of the nominee. This information should be sent to:

Application Information
- Individuals wishing to apply should go online to http://explore.jobs.ufl.edu/cw/en-us/job/506199 and submit:
  - Application
  - Cover letter that states applicant’s interest in the position and qualifications relative to the credentials listed above
  - Teaching philosophy or statement
  - Curriculum vitae
  - Contact information (including email addresses) for three individuals willing to write letters of recommendation
  - Unofficial transcripts

Final candidate will be required to provide official transcript to the hiring department upon hire. A transcript will not be considered “official” if a designation of “Issued to Student” is visible. Degrees earned from an education institution outside of the United States are required to be evaluated by a professional credentialing service provider approved by National Association of Credential Evaluation Services (NACES), which can be found at http://www.naces.org/.

The University of Florida is an Equal Opportunity Institution dedicated to building a broadly diverse and inclusive faculty and staff. The selection process will be conducted in accord with the provisions of Florida’s ‘Government in the Sunshine’ and Public Records Laws. Persons with disabilities have the right to request and receive reasonable accommodation.
